

TEEN VAPING

GET THE FACTS

Vaping is becoming an epidemic among teens and SD62 is no exception. Who can smoke the highest dosage of nicotine? Who smokes cannabis from it? Learn about what's happening in our schools.

Speakers:

- * Island Health Representative
- * Dave Hepburn, national specialist on cannabis research
- * RCMP Constable Don McIntosh

LET'S COME TOGETHER AS A COMMUNITY

Topics include: doses of vape juice, health risks associated with nicotine, how to talk to your kids about vaping, cannabis use and teen brain development, legal information about vaping and cannabis possession in youth.
