

Grad Council Minutes: November 18th:

Grad Photos: Mr. Bobbitt spoke:

- Dec 7-16, book and pay online, room 1174 (Demmings' old room in NLC), \$30 for the 30 minute session OR \$5 just for in the yearbook and single picture.
- Book sittings opposite of your class (am class= pm photo sessions)
- Must wear mask in/ out, no friend or pet pics (maybe friends in the spring)
- Gowns/ stoles provided (sanitized at the end of every day)

Bottle Drive:

- January 8th, 2021
- We have the choice between sorting and taking 100% of profit or just collecting and taking 80% of profit
- Council chose to take the 80% and keep all of us safer.
- Also, a bottle drop off bin will be placed in the far parking lot to collect bottles/cans.
- Should Grad Council start bottle/can recycling at RBSS? (being thrown away at the moment)

Grad Ski/Surf Trip:

- Class polls leaned towards Mount Washington trip.(over 85% voted)
- The trip will not involve the school or school district.
- Individual families (or safe 6) will be taking up groups of Grads (3-4 max).
- Try to push up the date to 2nd or 3rd week in December (due to today's announcement - gov't may be extending winter break).
- Move forward with accelerated planning and logistics making sure to stay flexible with all regulations and safety measures.
- If ski trip does smoothly and we are back at school: A Spring surfing trip to Tofino may be organized.

Grad Legacy Gift:

- Burge has submitted the application to PAC for \$ assistance for our Grad legacy gift
- Ms. Phillips brought up the idea of including the new school crest in our legacy gift
- We may change our direction and work towards a legacy gift other than the gazebo and forest.
- New idea proposed: Donate funds to the upcoming construction of the outdoor garden and classroom (i.e. school crest on concrete slab, some sort of acknowledgement of the local First Nations/Grads on the posts).

Yearbook Photos:

- Ms. Harris thanks all GC members for submitting Halloween photos for the yearbook.
