

French Immersion at Royal Bay!!

Royal Bay Secondary is thrilled to welcome both Mr. William Stee and Mr. Chris McFarland to our wonderful school next year. They are coming over from Belmont Secondary to lend a guiding hand to the new RBSS French Immersion Program. Both have extensive knowledge of the program and have

been supporting our French Immersion students at both Belmont and EMCS for years. We are also busily preparing our school to reflect the changes that we are going through. From gathering supplies and materials to outfitting classes, we are getting ready to welcome our new students in September. Below are pictures of our new logo and crest in the Learning Commons, complete with SENĆOŦEN and French translations and a mural in the new turf gym. We are super excited to begin this journey with our

incoming French Immersion students and with the teachers that will support them.
